The following has been added to the original Volunteer Form you signed previously:

The OMA is implementing new health and safety guidelines such as a mask requirement, increased sanitation procedures and enforcing social distancing to ensure the well-being of its visitors. The volunteer agrees to abide by the safety guidelines set by OMA.

However, enrolling in the volunteer program could increase the risk of the volunteer becoming infected with COVID-19. The volunteer understands the risks associated with enrolling in the volunteer program and agrees to assume the risks to themselves and their households.

If the volunteer shows symptoms of COVID-19 such as a temperature of 100.4°F or higher, cough, shortness of breath or difficulty breathing, chills, muscle pain, sore throat, or new loss of taste or smell, they must notify OMA as soon as possible, and local health officials and staff will immediately be notified while maintaining confidentiality as required by the Americans with Disabilities Act (ADA) and other applicable federal and state privacy laws.
